Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 19 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A dry start. Turning wet and windy by the morning.

This Evening and Tonight:
A dry start to the night with clear spells. Cloud increasing through the night as a band of rain arrives from the southwest, bringing strong winds, then moving east through the region. Minimum temperature 3 deg C (37 deg F).

Thursday:
Rain continues to progress east, heavy and persistent at times, and continuing through into the night. Winds picking up even more, with coastal gales developing later in the day. Maximum temperature 15 deg C (59 deg F).

Outlook for Friday to Sunday:
Wet Friday with strong winds and coastal gales, turning severe at times. Calmer Saturday, with showers and sunny spells. Unsettled Sunday, with another band of rain arriving form the west.
